

Block System

The Block System is the safest way to work on machinery from forklift trucks to diggers and dozers.

The Block System has been tested and certified to 200T, giving peace of mind to employees and managers by replacing unstable traditionally used timber supports.

Key Benefits

- Lightweight and easy to handle
- Variety of bespoke caps available
- Will not split, rust or rot
- Interlocking and secure at variable heights
- Tested to 200 tonnes (safe working load of 50T – safety factor 4:1)
- Blocks can be expected to last for a number of years
